## PORTFOLIO UPDATE

During the week ended 30th August 2019, Silverdale Fixed Income Fund sold Tewoo bonds.

The Fund continues to invest and book profit opportunistically for its target duration adjusted returns, details of which shall be shared in the communiques of ensuing weeks.

During the month of August 2019, the NAV of Silverdale Fixed Income Fund declined by 0.60%. The decline in NAV was led by decrease in prices of Chinese and Indian credits which was partially offset by increase in prices of US, German, and Czech Republic credits. Sectorially, Financial, Technology, and Industrial sectors were the key positive contributors while Consumer Cyclical and Basic Material sectors were the key laggard.

We continue to maintain conservative position with circa 83.4% of our investments in Investment Grade bonds with short duration of just 1.78 years.
