3-months of Immerse Internship Programme

Applications are now open for the Silverdale Internship Programme 2025 (Investor Relations), with rolling admissions. This unique opportunity will immerse you in the fast-paced environment of a renowned Singapore-based fixed income fund house. Over the course of three months, you will gain critical skills to think like a money manager and work on product management, business development, and investor relations. You will learn from seasoned professionals and actively participate in real-life investor-focused activities.

We manage funds across:

- **Open-ended bond funds** (*investment grade, high yield, thematic*)
- **Fixed Maturity Funds** (*enhanced return fixed tenure, target return funds*)
- **Bespoke Funds** customized for specific investor goals

We are widely acclaimed for our incisive research and strategic insights, frequently covered by media. Our investor relations team is recognised for its exceptional service in addressing investor queries, providing monthly commentaries, detailed fact-sheets, conducting Global Investor Calls, winning investor mandates, collaborating with leading banks and distributors, etc.

We welcome applications from penultimate year students residing in Singapore pursuing bachelor's or master's degree. In addition to exceptional integrity, intellectual curiosity, and appetite for challenge, you'll need to have or be on course to achieving min. GPA of 4.0/5.0 (or equivalent) in your studies. On successful completion of the internship program, you may be offered to join the Silverdale Graduate Programme.

Key Responsibilities:

- Assist in the preparation of investment decks and investor reports, including pitch books
- Monitor, analyse, and report on the fund performance and elucidating it to investors
- Supporting firm's media and digital strategy
- Assisting in managing investor education program and addressing investor inquiries
- Debrief on market updates and conduct competition analysis
- Generating leads for new business development
